

TANDA

The logo for myob, featuring the word 'myob' in a lowercase, sans-serif font. The letters are colored in a gradient from purple to pink, with 'my' in purple and 'ob' in pink.

Who is TANDA?

Tanda is a workforce management platform that eliminates paperwork for businesses with frontline staff. Using Tanda cuts down the time managers take to create rosters, manage costs, and process payroll with its unparalleled award interpretation and features — the selfie time clock, live wage tracking, employee mobile app, intelligent rostering, shift swapping, and more.

Serving SMEs through to large-scale enterprise businesses, Tanda is changing the quality of work around the world, one shift at a time.

Key features:

- + Build rosters using templates or existing sales data
- + Interpret and automatically update industry awards / EBAs
- + View staff locations, teams, sales data, and attendance in real-time
- + Let staff record their clock-ins and -outs via a dedicated tablet or mobile phone
- + Verify staff's attendance through selfies taken via the employee time clock app
- + Collect staff details such as personal information, bank details, TFND, and super funds
- + Receive, approve, and monitor staff leave and unavailability
- + Announce to staff to fill vacant shifts via the mobile app
- + Calculate each shift's cost before publishing a roster
- + Communicate with and get employees' feedback via in-app tools
- + Process timesheets and payroll in minutes by connecting to MYOB
