

MYOB AccountRight Classic (v19)

Upgrading from AccountRight Classic

1. Are your clients using AccountRight Classic (V19)?

- No This information will not be relevant to you.
- Yes Please work through the following list to determine what the best product for your clients needs may be. Any questions please get in contact with your Partner Manager.

2. Have they used Multi-Currency in the file?

- No AccountRight Live or Essentials can fulfil your client requirements.

Will your clients continue to use Multi-Currency moving forward?

- Yes Some features of Multi-Currency will be available in 2018.3 and additional functionality will be incorporated into all release through to May 2019. Please postpone migrating your client until the Multi-Currency functionality they require is launched.
- No A new file will need to be created as you currently cannot migrate old Multi-Currency data.

3. Do they require payroll?

- No AccountRight Live in Standard/Basic and/or MYOB Essentials can fulfil your clients requirements.
- Yes AccountRight Live Plus and/or MYOB Essentials with Payroll can fulfil your clients requirements.

4. Do they require inventory/stock?

- No MYOB Essentials can fulfil your clients requirements.
- Yes AccountRight Live Plus can fulfil your clients requirements (ARL standard as minimum if no payroll required).

5. Do they require 'job' management?

- No MYOB Essentials can fulfil your clients requirements (if inventory is not required).
- Yes AccountRight Live can fulfil your clients requirements.

6. Do you require the ability to work offline?

- No MYOB Essentials can fulfil your clients requirements.
- Yes AccountRight Live can fulfil your clients requirements with the ability to work both on and offline.
